

Power and connectivity solutions for healthcare

Imaging and diagnostic labs

Eaton offers a full line of products for every healthcare environment. See how Eaton solutions fit into imaging and diagnostic labs.

Protect

93PM UPS

The perfect power backup solution for medical facilities, this three-phase UPS combines efficiency, reliability, scalability and redundancy.

Medical-grade UPS system

Provide a continuous flow of power to critical systems. A built-in isolation transformer offers full isolation for patient safety.

Hospital-grade surge protector*

Protect equipment against damaging spikes and surges. Models are available for patient-care vicinities.

Power

Mobile power retrofit kit

Support UL 60601-1 compliance for connected mobile equipment in healthcare facilities, both inside and outside patient-care areas.

Connect

Power cords/Safe-IT cables*

Power cords with hospital-grade plugs are available. Safe-IT Ethernet, USB, video and power cables have antibacterial properties to promote a healthier environment for patients and staff.

House

Wall-mount enclosure

Secure and organize IT equipment in locations with limited floor space.

Mount

Desktop monitor mount

Elevate monitors to save space and optimize viewing angles to improve ergonomics and ease eye fatigue. Freestanding, desk-clamp and grommet mounts are available.

Adjustable-height workstation*

Adjust the height of a monitor and keyboard without modifying the entire work surface.

*To promote a healthier environment for patients and staff, Safe-IT™ antimicrobial and antibacterial options are available for select models.
